

# Benefits of employing people with disability

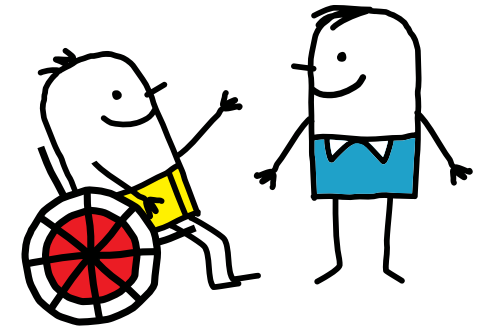

## **Bigger talent pool.**

People with disability bring a diverse range of skills, abilities and perspectives to the workplace.

## **More diversity.**

Strengthening workplace morale and productivity through a more committed and diverse workplace

## **Fewer sickies.**

Employees with disability take fewer sick days, have fewer OH&S issues and are great role models for younger staff.

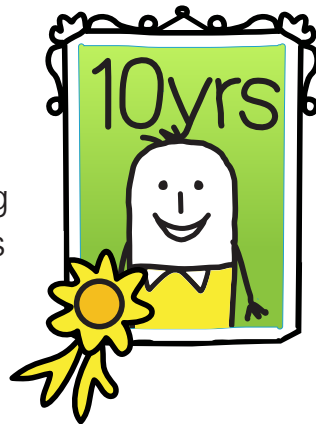

## **Valuable experience.**

People with disability have valuable skills, qualifications and experience. The key is matching the right person to the right job.

## **Greater loyalty.**

Spending time and money on training is an investment because businesses enjoy higher retention rates from employees with disability.

## **AND....**

**You may be eligible for government wage subsidies for ongoing staff placements.**
